He/She will be part of a small group competing in a variety of business competitions that are designed to provide real world experience. The students run a simulated company, making important management decisions, while learning how to succeed in the workforce. They also work closely with business professionals that have volunteered to mentor them during the week.

In order to afford such a tremendous program, this student needs your help! All students are asked to pay a registration fee of \$325. (The total cost per student is actually about \$950, but fundraising efforts by Washington Business Week covers \$625.) The \$325 includes all meals for the week, housing in a college dorm, and all program materials. Any amount you can contribute, up to the \$325, will be helpful for this student to attend the program. Your support is fully tax deductible.
